Art exhibits at Blackwell's

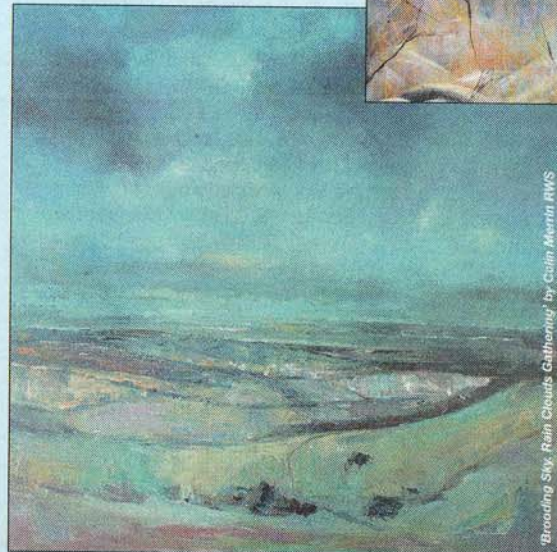

For the month of August Blackwell's bookshop in Portsmouth is hosting an exciting art exhibition.

In collaboration with Hampshire based Creative Coverage, oil paintings by Colin Merrin RWS and acrylics by Lynne Davies (both Hampshire artists) will feature prominently in the windows of this prestigious bookshop.

"Blackwell Portsmouth is selling Claire Wiltsher's new book

'Brooding Sky, Rain Clouds Gathering' by Colin Merrin RWS

'Journeys from the forest to the sea', which we published," explains co-founder of Creative Coverage, Tim Saunders.

"Jo West, the manager and I were talking about art and we decided to collaborate. It is a great privilege to be working with such a well established and respected business."

Creative Coverage has agreed a similar arrangement with Waterstones in Winchester High Street where monthly exhibitions started in July.
